

Area 1 Mini-Report

2022-12-09

What was done this week?

- Minor bug fixing.
- Updated the Requirements specification.

What issues/risks/blockers do you have?

- Right now, we mainly focused on other subjects, so there were not spent so much time on this project.

What is the goal for next week?

- Optimize our code.
- Write Unit tests.
- Finish updating the Technical Specification.

What is the overall status - green, yellow, or red?

- Right now, the overall status of our team project's flow is yellow.
