

Mini Report Team 5 (02.12.2022)

Done things:

- Edited an interface.
- Extracted data from JSON file and made a simple visualisation of the roof and solar panels.
- Communicated with the team 1 regarding the JSON file's data.

Issues: 0

Future plans:

- Display 3D models in the desktop app window.
- Finish with the interface.
- Possibly make 3D model more realistic(if have enough time).

Status: Yellow.
