

Mini Report Team 5 (28.10.2022)

Done things:

- Communicated with other teams and got a description of what they want their page to look like.
- Implemented the drop down for roof faces for the area 2.
- Implemented the file upload box for the area 3.
- Implemented the loading icon for the area 1.
- Implemented user log in system.

Issues::

- Did not fully figure out how to connect Figma API with Python API.

Future plans:

- Add functionality to buttons.
- Add functionality to upload box.
- Add functionality to user log in system.
