

## **Area 1 Mini-Report**

**2022-12-02**

### **What was done this week?**

- Transferred the mini reports to LaTeX, to make them all in the same template.
- Almost finished refactoring the Technical specification.
- Updated the Requirements specification.

### **What issues/risks/blockers do you have?**

- Right now, we mainly focused on documentation. No progress was made regarding the code.

### **What is the goal for next week?**

- Improve our code.
- Help other teams to work with our given JSON files.
- Finish updating the Technical Specification.

**What is the overall status - green, yellow, or red?**

- Right now, the overall status of our team project's flow is yellow.
