

Area 1 Mini-Report

2022-12-16

What was done this week?

- Added updated version of the Technical specification.
- Added updated version of the Requirements specification.
- Prepared our draft for the final presentation.

What issues/risks/blockers do you have?

- Did not find the solution how to add more unit tests.

What is the goal for next week?

- Finish slides for the final presentation.
- Write more unit tests.

What is the overall status - green, yellow, or red?

- Right now, the overall status of our team project's flow is yellow.
